Sure Relief for Women.

No. 18 Central Ave.
HOT SPRINGS, ARK., April 20, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years. I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

Anna Nelson
URATOR, WEDNESDAY CHAUFFEURS CLUB

WINE OF GARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Secure a bottle of Wine of Cardui from your druggist today and begin treatment immediately.

Where does It go?

That's a question we are asked a dozen times a day. Where does the Rock Island go?

The answer is: Pretty nearly everywhere—

To Peoria and Chicago.
To Davenport and Rock Island.
To Lincoln and Omaha.
To Topeka and Kansas City.
To St. Joseph and St. Louis.
To Texas and Oklahoma.
Three routes east—via Denver, Omaha and St. Paul.

**GRAND DUKE
IS LOCATED**

Friedrich August of Oldenburg
Visits America—Crosses Atlantic to See Niagara.

INSPIRED BY PRINCE HENRY

Unceremonious Departure From
European Shores Caused
Alarm Among His Relatives and Friends.

New York, March 14.—Friedrich August, Grand Duke of Oldenburg, whose unceremonious departure from European shores is said to have raised much excitement among the inhabitants of the grand duchy, has returned to this city, having accomplished the object of his journey across the Atlantic, which was to gaze upon the beauties of Niagara, described by Prince Henry of Prussia.

Rumors that he went from Niagara to Washington before coming back to New York cannot be confirmed. The grand duke this evening will go on board the steamer Kaiser Wilhelm II, which sails for Bremen at 5 o'clock Tuesday morning, making his stay in the United States less than a week.

Reforms Not in Effect.

New York, March 14.—Optimistic reports of the successful activity of the newly appointed civil agents of the powers in the Macedonian reform scheme, are not confirmed, according to a Constantinople dispatch to the Herald by way of Berlin. On the contrary, it is said, the agents are completely convinced they have not the slightest influence on the course of events and there is no prospect of their effecting any good.

Map of Plant Life.

In the great map, the first of the kind ever made, are 819 distinct species of plant life, and each species is plainly outlined and labeled. This includes not only a specimen of every plant grown in the United States, but in the plots bordering the map are many plants of all lands.

The map is an exhibit of the United States government and is made by the bureau of plant industry. David A. Brodie is the superintendent in charge and many of the plants were installed a year or more before the date of the opening of the world's fair, while many of the plants that could not survive the winter were kept in hothouses, or the seed were not put into the ground until the present spring. The exhibit is made at a cost of \$10,000.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. has made me a perfectly well woman." Mrs. Chas. Hutton, Berwick, Mich.

A San Diego, Cal., woman will exhibit at the world's fair, butter made in 1858. The butter was placed in a spring house in that year and it disappeared in the quick sand. It was recently recovered and was found to be in a remarkably good state of preservation. It is now in the cold storage.

The Belgian building at the world's fair, one of the largest and handsomest in the foreign section, is remarkable in that the walls are not broken by a single window. The large structure is well lighted by immense sky lights, 75 feet above the floor.

WORKING OVERTIME.

Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel troubles. Easy, pleasant, safe, sure. Only 25c at Chas. Rogers' drug store.

Progress in medicine and surgery will be shown by an excellent exhibit of appliances, instruments and apparatus for surgery and medical research in the Palace of Liberal Arts at the world's fair. A complete modern hospital, with all of the accessories and apparatus known to the most advanced surgery will be the most prominent feature of this group.

Nine years ago there were 300,000 telephones in use. That was the year the Bell patents expired. Today there are 3,000,000 instruments purveying business and gossip, but it is largely because there are so many independ-

ent concerns. The organization of the independent companies has not, so it is said, caused the business of the Bell company to be any the less, but has caused it to expand in proportions far beyond what it was expected it would develop. At the meeting of the telephone companies of the country at Cincinnati last week the above figures were given out. There too, it was predicted that in all probability the next advancement step will be made in telephone exchange construction will be an automatic board that will do away with the hello girl and will make it possible for patrons to make direct connections with other people's telephones.

Every one of the 5,000 different collections of plants comprising the six-acre map of the United States in growing crops at the world's fair is plainly labeled. The visitor will have no difficulty in determining the name of a certain plant and at a glance may learn something of its origin, history and habits.

Women love a clear, healthy complexion. Pure blood makes it. Burdock Blood Bitters makes pure blood.

**TROOPS ARE
WITHDRAWN**

Colombia Will Make No Further
Attempt to Recover Lost
Territory.

PANAMA SAFE FROM ATTACK

Hostile Troops Ordered Return-
ed From Frontier and Are
Now Enroute for the
Capital City.

New York, March 14.—A French steamer which has just arrived at Colon brought the news that the Colombian government has definitely desisted from any movement to recover its lost territory, cables the Herald's correspondent at Panama, and has prohibited further attempts to attack the Panamanian frontier.

Nine hundred Colombian soldiers are now returning to Bogota. Several Colombian officers from Cartagena have arrived at Colon, probably on their way to Cauca. The last Colombian expedition to Tutmatl, consisting of 80 men, has been obliged to return to Cartagena on account of illness among the men.

British Surgeons For Japs.

New York, March 14.—Sir Claude Macdonald, the British minister here, on behalf of the English admiralty, has, says a Times dispatch from Tokyo, offered the British naval hospital at Yokohama with the services of the surgeons for the use of Japanese sick and wounded.

Summer Cars Burn.

Chicago, March 14.—The car barn of the Chicago Union Traction Company at Blue Island and Leavitt street was destroyed by fire today. About 600 summer cars, stored in the building, were burned. The loss is estimated at \$150,000. Crossed electric wires caused the blaze.

Maude Winter Dead.

New York, March 14.—Maud E. Packard, a native of California, known on the stage as Maude Winter, is dead at her home here from consumption.

MORE RIOTS.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver and Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Chas. Rogers, druggist.

Brigham H. Roberts, who was expelled from congress for polygamy, sees "the finger of God" in the testimony of President Smith. Senator Smoot sees his own finish.

A wheelman's tool bag isn't complete without a bottle of Dr. Thoma's Electric Oil. Heals cuts, bruises, stings, sprains. Monarch over pain.

**PSORIASIS
AND ECZEMA**

Milk Crust, Scalloped Head,
Tetter, Ringworm
and Pimples

COMPLETE TREATMENT, \$1.00

For Torturing, Disfiguring Humours,
From Pimples to Scrofula,
From Infancy to Age.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures and humour remedies of the civilized world.

Complete treatment for every humour, consisting of Cuticura Soap to cleanse the skin, Cuticura Ointment to heal the skin, and Cuticura Resolvent Pills to cool and cleanse the blood may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning and scaly humours, eczemas, rashes and irritations, from infancy to age, when all else fails.

Sold throughout the world. Cuticura Resolvent, 50c. per box of 100, 50c. per box of 50, 25c. per box of 25. Cuticura Soap, 50c. per box of 100, 25c. per box of 50, 10c. per box of 25. Cuticura Ointment, 50c. per box of 100, 25c. per box of 50, 10c. per box of 25. Send for "How to Cure Every Humour."

PERTINENT PARAGRAPHS

Perhaps Grover Cleveland would now be glad of the opportunity to dine a negro in the White House.

Captain Dreyfus will probably soon have command of a regiment. His military career will be watched with interest.

The Russian general who declared that Corea will be a mouse trap for the Japanese should get busy and try to make his prediction come true.

Every family should have its household medicine chest, and the first bottle in it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

WORLD'S FAIR NEWS

New Zealand has decided to have an exhibit at the world's fair.

The national guard of South Dakota will camp at the world's fair in the latter part of September.

Robert Fitzsimmons, the freckled faced pugilist from the antipodes, has obtained a cafe concession on the Pike at the World's fair.

Forty cases of relics of the state of Nebraska and the Mississippi valley will be displayed in the Nebraska building at the world's fair.

Cremo

Still
Going Up

in popular favor because of its goodness—its unvarying quality keeps it up. Over a million sold daily. Cremo—5c. anywhere. It's worth it anytime.
